PROFESSIONAL SUMMARY

Flutter Developer with 2+ years of experience building scalable, real-time mobile applications with 5+ production releases across Play Store and App Store. Skilled in WebSockets, Firebase, and clean architecture (BLoC/Provider/GetX), with a strong focus on performance, scalability, and user experience.

TECHNICAL SKILLS

- **Mobile Development:** Flutter, Dart, GetX, Provider, BLoC
- **Architecture & APIs:** MVVM, MVC Architecture, RESTful API Integration
- **Services:** Firebase (Authentication, Cloud Messaging - FCM), WebSockets (Real-time Communication), Payment Gateway Integration
- **Developer Tools:** Git, UI/UX Principles, Responsive Design, Debugging & Performance Optimization

PROFESSIONAL EXPERIENCE

Flutter Developer

Dec 2025 – Present

RCV Technologies

Full Time – On-site

- Built 3 Flutter applications (2 healthcare Uber-style apps and 1 catering app) currently in testing, implementing real-time WebSocket features and Firebase FCM-based push notifications.
- Designed, developed, and maintained high-performance, scalable cross-platform mobile applications using Flutter and Dart, ensuring responsive UI and seamless user experience.
- Collaborated with designers, backend engineers, and product managers to deliver business-driven mobile solutions within deadlines.
- Integrated RESTful APIs, real-time WebSocket features, and Firebase services to enhance functionality and user engagement.

Flutter Developer

July 2024 – Nov 2025

Skillancer Private Limited

Full Time – Remote

- Developed and maintained multiple client mobile applications, focusing on scalability, performance optimization, and clean architecture.
- Independently handled end-to-end app development including UI, backend integration, deployment, and post-release updates.
- Optimized app performance by reducing unnecessary widget rebuilds and improving state management efficiency.
- Collaborated with backend teams to integrate RESTful APIs, ensuring efficient data handling and seamless user experience.

FEATURED PROJECTS

Rush Baskets – Quick Grocery Delivery App

2024

Lead Flutter Developer

🍏 *User App* | 📱 *User App* | 📦 *Delivery App*

- Developed a dual-application system for customers and delivery agents, enabling seamless order and delivery management.
- Implemented real-time chat functionality using WebSockets for instant communication between users and admin.
- Achieved 5K+ downloads on Google Play Store with active daily users.
- **Tech Stack:** Flutter, Dart, GetX, REST APIs, WebSockets, Payment Gateway

BidVenchure – Event Booking App

2024

Lead Flutter Developer

📱 *App: User App*

- Led development of a full-featured event booking platform connecting users with restaurant venues for customized event planning.
- Built a real-time bidding system enabling users to negotiate pricing directly with venue owners.
- Implemented WebSocket-based live availability tracking and instant booking confirmations.
- **Tech Stack:** Flutter, Dart, Bloc, WebSockets, REST APIs

SureRide – Medical Ride Booking App

2025

Flutter Developer

- Developed a real-time medical ride booking application (currently in testing) for hospital visits and emergency transportation.
- Implemented live driver tracking, ride status updates, and location services using Google Maps integration.
- Integrated authentication, ride request workflows, and real-time notifications to enhance user experience.
- **Tech Stack:** Flutter, Dart, Provider, Firebase, Google Maps API, REST APIs

EDUCATION

Rajkiya Engineering College

2020 – 2024

B.Tech. in Information Technology

Azamgarh

CERTIFICATIONS & PROFESSIONAL DEVELOPMENT

- Advanced Prompt Engineering for Large Language Models
- Blockchain Fundamentals and Applications
