PROFESSIONAL SUMMARY

Flutter Developer with **2+ years of experience** building **scalable, real-time mobile applications** with **5+ production releases** across Play Store and App Store. Skilled in **Flutter, Firebase, WebSockets, REST APIs**, and **Clean Architecture** with strong expertise in **state management, performance optimization**, and responsive UI development.

TECHNICAL SKILLS

- Mobile Development:** Flutter, Dart, GetX, Provider, BLoC
- Architecture & APIs:** MVVM, MVC, Clean Architecture, RESTful APIs
- Real-Time Services:** WebSockets, Firebase FCM, Push Notifications
- Tools & Technologies:** Git, Firebase, Google Maps API, Payment Gateway Integration
- Core Skills:** State Management, Performance Optimization, Responsive UI/UX

PROFESSIONAL EXPERIENCE

- Flutter Developer**
RCV Technologies

Dec 2025 – Present
Full Time – On-site

 - Built **3 Flutter applications** (2 healthcare Uber-style apps and 1 catering app) implementing **real-time WebSocket features** and **Firebase FCM push notifications**.
 - Designed and maintained **high-performance cross-platform mobile applications** using **Flutter** and **Dart**.
 - Collaborated with **backend engineers, designers, and product managers** to deliver scalable mobile solutions within deadlines.
 - Integrated **RESTful APIs, Firebase services, and WebSockets** to improve app functionality and user engagement.
- Flutter Developer**
Skillancer Private Limited

July 2024 – Nov 2025
Full Time – Remote

 - Developed and maintained multiple client applications focusing on **scalability, performance optimization, and clean architecture**.
 - Handled **end-to-end app development** including UI implementation, API integration, deployment, and post-release maintenance.
 - Improved application performance by optimizing widget rebuilds and enhancing **state management efficiency**.
 - Collaborated with backend teams to integrate **RESTful APIs** ensuring seamless user experience and efficient data handling.

FEATURED PROJECTS

- Rush Baskets – Quick Grocery Delivery App**
Lead Flutter Developer

2024
🍏 User App | 📺 User App | 📺 Delivery App

 - Developed a **dual-application system** for customers and delivery agents enabling seamless order and delivery management.
 - Implemented **real-time chat functionality** using **WebSockets**.
 - Achieved **5K+ downloads** on Google Play Store with active daily users.
 - Tech Stack:** Flutter, Dart, GetX, REST APIs, WebSockets, Payment Gateway
- BidVenchure – Event Booking App**
Lead Flutter Developer

2024
📺 User App

 - Led development of a **full-featured event booking platform** for customized venue and event planning.
 - Built a **real-time bidding system** enabling users to negotiate pricing with venue owners.
 - Implemented **WebSocket-based live availability tracking** and instant booking confirmations.
 - Tech Stack:** Flutter, Dart, BLoC, WebSockets, REST APIs
- SureRide – Medical Ride Booking App**
Flutter Developer

2025

 - Developed a **real-time medical ride booking application** for emergency transportation and hospital visits.
 - Implemented **live driver tracking**, ride status updates, and **Google Maps integration**.
 - Integrated authentication workflows and **real-time notifications** to enhance user experience.
 - Tech Stack:** Flutter, Dart, Provider, Firebase, Google Maps API, REST APIs

EDUCATION

- Rajkiya Engineering College**
B.Tech. in Information Technology

2020 – 2024
Azamgarh

CERTIFICATIONS & PROFESSIONAL DEVELOPMENT

- Advanced Prompt Engineering for Large Language Models**
- Blockchain Fundamentals and Applications**
